## WORK EXPERIENCE

### **'t Veerhuys, Beusichem — Employee**

2019 to Present Day

And here I am working now. My fellow employees are nice. They also like to chat, in between the hard work of course ;)

### **Coop, Beusichem — Cashier/stock clerk**

2017-2018

Here I had 'fun' working. My boss was nice, so were my fellow employees. I don't want to talk about this furthermore due to private reasons.

### **Intertoys, Culemborg — Employee**

2015-2016

Here I have gotten my communications skills from. I have gotten it from there because a lot of the customers were sometimes very upset about something and acted like it was the employee's fault.

## EDUCATION

### **Grafisch Lyceum, Utrecht (GLU), Utrecht — Studying**

2018 - 2022

And here I am right now. Studying Game Development at GLU in Utrecht. Here I do learn about not only making games but also about what makes a good game. Besides that, I also learn about software development.

### **Lek en Linge, Culemborg — Graduated**

2014-2018

This was my high school. Before you had actual classes you were able to choose between 3 subjects you want to specialize in. I chose to specialize in the so-called 'Techniek Breed'. It means that I followed classes in all sorts of technical stuff, for example, You went from making diagrams in excel to welding your own things.

### **PWA Beusichem, Beusichem— Graduated**

-2014

This was my elementary school. I can't tell you much about it, since it wasn't that special. Just like every elementary school; you make friends and play with them day after day.
